

Safe passageway for cyclists, runners and walkers between Callington and Saltash

Do you cycle, run or walk between Callington and Saltash - or would you like to but think the route is too dangerous? St Mellion Parish Council is lobbying for improved safety on this route and has gathered significant support from local councils, Councillors, colleges and businesses. They hope to raise £5,000 to be included in Cornwall Council's 2016 feasibility study for the Saltash Cycle Network. In the meantime, a short on-line survey has been set up to gather public opinion on the current route <https://www.surveymonkey.co.uk/r/HG555KG>

For a hard copy of the questionnaire, or any further information on the proposed scheme, please contact the St Mellion Parish Clerk on 07539 480310 or clerk@stmellion-pc.gov.uk

The survey is funded by a Cornwall Council Community Chest Grant and is open until 31.12.2016
