Dear Mr Lane

Coastal Revival Fund Application: The Saltash Waterfront Revitalisation Partnership

Thank you for your application to Coastal Revival Fund. I'm sorry to tell you that this has been unsuccessful.

Competition for our funding was extremely high. All applications were assessed against the key criteria outlined in the prospectus which are that the project: is of particular value locally; delivers a sustainable community benefit; delivers a sustainable economic benefit; and that it demonstrates local support from the local Coastal Community Team and local stakeholders. We also took into account the geographical spread of the funding.

The programme received 123 applications, requesting a total of £5million. With a budget of £1million, we have only been able to support those applications that demonstrate the very strongest fit with our programme outcomes and criteria.

We are very keen to support coastal areas and I know that our decision will be disappointing to you, but we had to make some very difficult decisions.

Should you be interested in looking for other sources of funding for your project a couple of places to start are the BIG Lottery Website, where they have a "funding finder" (www.biglotteryfund.org.uk/funding/funding-finder), and on the Coastal Communities Alliance website (www.coastalcommunities.co.uk/resources-2/9) where a list of potential funding sources can be found in the publications section.

Yours sincerely

Mark Holder
Team Leader, Coastal Regeneration,
Cities and Local Growth Unit
