We started the month with a visit to the Ploughboy pub to celebrate the opening under new management.

After this we had the Royal Visit to celebrate the 50 years of the Tamar Bridge. We have also had a great time visiting the Guides Carol service, The Augmented Choir Concert, Bishop Cornish Pre Christmas Performance, Primary school Christmas performance and the Christingle Service at St Stephens Church.

We enjoyed a tremendous performance of The Wizard Oz at Saltash . Net School.

We also attended the Saltash Age Concern Thursday Luncheon Club Christmas Lunch and Saltash Age Concern Social Club Christmas Party both at the Ploughboy Pub and The 2<sup>nd</sup> Forum Anniversary Christmas event at Saltash Wesley Church.

During the run up to Xmas we visited Rowan House Residential home, Malvern House Nursing Home, Cresta Abbeyfield and Tamar Nursing Homes also Chichester House, Kingsleigh House, Marray House, St Anne's, Beech House and The Elms Nursing and Residential homes.

We attended the Blessing of The Cribb in St Barnabas Hospital and Visited the In Patients on Xmas Morning after which we helped serve the Xmas Lunch at Saltash Wesley for the people who live at home alone.

Saltash Police Station

PCSO's are in the process of setting up Community Speed Watch for the area, where by vetted members of the community will conduct speed checks in a designated area.

The Chairman enquired if the level of burglaries was at a high level due to the Christmas period.

PCSO Cornwell replied that the level was slightly above the normal average but was not linked specifically to the Christmas period.

Councillor A Killea asked if the reason the crimes were up on last year could be attributed to the weather.

PCSO Cornwell replied that it could be a reason.

Councillor Mrs S Hooper MBE asked if neighbourhood watch schemes were in operation in areas where rural crime took place and if not could the police encourage the establishment of the scheme in these areas.

She also suggested the Messenger be used to promote the scheme.

PCSO Cornwell replied that the police actively encourage the scheme in all areas.

Councillor Holley asked if it was still possible for people to be included in the Speed Watch scheme and could the opportunity to be involved be advertised in the press.

## **SALTASH GATEWAY COMMUNITY INTEREST COMPANY (CIC)**

### **MONTHLY REPORT FOR December 2011**

## **SALTASH GATEWAY CIC REPORT FOR DECEMBER 2011**

### **Health and Social Network**

Gateway CIC very recently organised a community consultation on a document received from the Saltash Health Strategy Group, using members of the newly formed Network. The results were reported to the Strategy Group (See Appendix below). A new draft strategy will be produced by the Group in January, and again Gateway CIC will organise the community consultation. This is an important process for local citizens. Among other things, the strategy is expected to sanction a study of the future role of St Barnabas Hospital, led jointly by the League of Friends and Gateway CIC.

### **Community Transport Project - End of Year Report**

A 2002 registration 16 seater Mercedes Sprinter Minibus was acquired from Cornwall Council in November of this year. The vehicle is fitted with a 300 kg wheelchair lift and is capable of carrying 6 wheelchairs. Grants have been obtained from the Saltash S106 funds, Cornwall Council and a NatWest competition. Progress to December 22<sup>nd</sup> 2011 is as follows:

- The bus has been repaired by the main Mercedes dealers and MoT'd to Public Service Vehicle ( PSV) required standards. It is now taxed and insured at the required level for its intended purpose.
- The Corlink Western Greyhound livery and phone numbers have been removed. Immediately after Christmas it will have its new livery applied, i.e. "*Saltash Hopper*" with a grasshopper logo, CIC data & other contact data.
- Volunteer Cornwall (VC) Truro will carry out the major aspects of volunteer driver recruitment, checking & training. Recruitment will also however be carried out locally, with suitable candidates being passed to VC.
- Our application for the Vehicle and Operator Services Agency (VOSA) Section 19 Permit has been granted and the Permit issued to us. We have entered into an agreement with Volunteer Cornwall to carry out the passenger registry & bookings required under the conditions of Section 19 and to promulgate route and other information as supplied by ourselves. This registration is required under the Section 19 passenger criteria. When in operation, we can consider and, if appropriate to our current requirements, also apply for a Section 22 Permit.
- We will recruit a part-time "administrator" once all his / her duties relative and additional to those of VC are evaluated

- CIC have joined the Community Transport association (CTA) which is a valuable source of operational and potential legal assistance
- The CIC Community Transport team consists of Colin Brown, Tony Parry and Ken Marshall. We are guided by an Advisory Group made up of the Community Transport leaders within Cornwall Council, Volunteer Cornwall and Age Concern Cornwall.
- We have an email address : [SaltashMinibus@aol.com](mailto:SaltashMinibus@aol.com) and a Community Transport website is in preparation

*Colin Brown*  
*Community Transport Project Leader*

## **Current Financial Position**

I am pleased to report that the company's financial situation has now stabilised.

This is because of:

- a) Action to curb expenditure in the last quarter, including the redundancy of the Project Coordinator post, and clearer accountabilities for Directors leading current projects. The chair has this month taken over all company administrative duties (eg emails, website maintenance, and administration of meetings) on a 2-month trial. An appraisal of future administrative support requirements will be made based on this experience
- b) A good flow of income: £16275 in the form of grants to underpin the development of the Community Transport Project; the STC grant for this transitional year received in the previous month; and a continuing small amount from sales of SaltashCards

- c) No unpaid invoices remaining, and no other major expenditure planned

On December 23 2011, the summary financial position is as follows:

Company Main Account:	£3841 (includes the balance of the Health Network funds, which forms approx 50% of this total)
Community Transport Account:	£5329 (the balance of the grant of £10000 from Cornwall Council after expenditure to put the bus on the road)
Company Deposit Account:	£9275 (Includes the NatWest grant for Community Transport)

Liam Bradley CIC Chairman

**PS – The S106 Grant for the Community Bus Project, approved on 29<sup>th</sup> September 2011 has still not been received!**

## **APPENDIX to Saltash Gateway CIC December 2011 Report to STC.**

### **Revising the Saltash Health Strategy**

**Draft responses from independent consultations undertaken by volunteers from the local Health and Social Care Network and led by Saltash Gateway Community Interest Company**

1. Could the revised strategy be the *Health and Wellbeing Strategy*? Many respondents wanted a wider purview, to be reflected throughout the document. It also begs the question whether the strategy should be “*for Saltash and District*”?
2. The emphasis in the original strategy of increasing service provision both in the local community and also in the home received complete support. It should continue to be the core concern of the strategy, along with achieving *continuity of care* which was felt to be increasingly underemphasised.
3. We concluded that the original strategy, and the services envisaged, have not been publicised well enough. A major push is needed to market local service availability, including social care: the capacity for an individual person to choose to have care or treatment locally needs to be brought to attention at all times. Could this be taken on for early action?
4. It is clearly time to take a radical look at the role of St Barnabas. The message from the consultations is that there is support to explore options beyond the current proposals for additional services (which are nevertheless to be welcomed, and to which ophthalmology and “hospice”-type services should be added). Lots of interesting ideas have emerged, from the importance of finding the means to incorporate services like X-ray, to difficulties of access, to replacing the current

building with something that reflects likely future needs and expectations locally. Can we grasp the nettle please?

5. The mention of people with special needs in the strategy was appreciated, although specific provision is felt to be below par, eg mental health, learning disability, autism and others. It is hoped that a future strategy would prioritise vigilance about these aspects of care services, and that commissioners and providers would engage in a continuous dialogue with service users and their carers.
6. The health and care needs of older people, including those suffering with dementia and those who are at the end of their lives, should be subject to a local interagency initiative to improve access to a more innovative range of local support. This might avert any local occurrence of widely reported national failures in care services, and at the same time be cost-effective. The East Cornwall “Hub” should be asked to support this practically.
7. Although national policy has not been finally set, there is a clear need to “sell” the benefits of clinical commissioning: misunderstanding seemed rife, and mistrust a risk. Public engagement is seen to be central to the future of commissioning. Joint commissioning between the local NHS and Cornwall Council in East Cornwall was recommended.
8. Some other specific points mentioned were:
  - Lifestyle/fitness support, and the engagement of voluntary bodies in such preventive activity, would be a positive element for the future
  - Dental services are proving slow to become available
  - The Hearing Centre should be promoted more
  - Some stories of poor quality & inefficiency of Out-of-Hours GP service

### **Encouraging public participation**

The new Network seems to have functioned well for this consultation, and new links and opportunities for us have arisen out of it. We hope that the responses above will prove useful. The central core of volunteers will continue to meet, and we will be available as a group to consider any issue raised by the Strategy Group for comment or exploration.

We wonder whether we might also suggest some “constitutional” changes at this stage? What we have in mind is:

1. Representation at meetings of the Strategy Group should be: one Gateway CIC member; one St Barnabas League of Friends member; and two representatives elected by the core volunteer group of the Network. This membership should also be supplemented for particular agenda items.
2. Members of the Network should be invited to join any specific working groups set up to consider health and wellbeing issues locally: we see this as more important than formal representation on the Strategy Group as above: the public should be able to contribute to issues as they are identified for attention by clinicians and service managers.

3. Saltash Gateway CIC would also be willing to lead studies of particular issues where appropriate.

Peter Thistlethwaite – Community Health Network Project Leader

It was **RESOLVED** to note the report.

### **CORNWALL COUNCIL REPORT**

- (a) Public Convenience Provision – Mr C David, Cornwall Council Strategic Waste and Landscape Manager

The Chairman informed members that the item had been deferred pending a meeting of Cornwall Council to further review the strategy.

- (b) CNA report for noting or matters arising

Councillor Riches informed members:

1. that Cornwall Council had instituted a £700,000 bursary scheme to support young people into further education.
2. the Cornwall Council development framework annual monitoring report was almost ready for distribution.
3. the CNA Manager had arranged a meeting on 1<sup>st</sup> February 2012 with MVV Managers for members of the council to discuss the potential effects on Saltash of the submarine dismantling facility.

Councillor Holley drew member's attention to the Cornwall Core Strategy Consultation that was taking place at the Guildhall on 13<sup>th</sup> January 2012 and the need to publicise the event as widely as possible.

It was **RESOLVED** to:

1. Produce publicity leaflets for distribution at meet the people on 7<sup>th</sup> January 2012.
2. 2 banners be procured up to a value of £150. Councillors Holley and Ellison to determine the wording.
3. Cornwall Council be requested to hold a second consultation at Saltash and that if agreed £500 from the general reserve be set aside to procure leaflets to promote the event.

### **QUESTIONS**

Councillor Ellison enquired if any progress had been made in making planning applications available at the library.

Councillor Holley informed the meeting that the response he had received from Cornwall Council was that this would not be possible as it would then have to be done for all councils and that the applications could be viewed on the computer monitors at the library.

He had also queried why the spare copy of planning applications submitted could not be made available to the library to which he had not yet received a response.

The Chairman enquired if the council copies could go to the library on a Friday to be returned on Monday in order that they may be viewed by the public on Saturdays.

It was **RESOLVED** that the council copies of planning applications go to the library on a Friday to be returned to the Guildhall on Monday in order that they may be viewed by the public on Saturdays.

Mr Tait enquired with regard to the progress of the bridges at Pillmere.

Councillor Riches informed Mr Tait that one bridge has been used in Sungirt Nature Reserve at Liskeard and is not recoverable.

The second bridge is extant and is stored at Stoketon Cross by Bond Bros.

The CNA Manager is contacting the Cornwall Council Tree Officer to see if there is a way for the most westerly bridge to go in its original proposed site.

It was **RESOLVED** that Councillors Riches and Clements formally reply to Mr Tait with a letter.
