Neighbourhood Plan Report to P&R Committee 27 February 2017

Author: Cllr D Yates

The Theme Teams reports have now been consolidated into a list of proposed draft policies.

The Theme Teams are now reviewing these draft policies to finalise their content and produce further draft policies where gaps have been identified.

It is hoped that the finalised list of draft policy topics and the majority of the policies themselves will be produced by the beginning of March.

In parallel the Coastal Communities group is considering the possible options for improvements to the waterside and waterfront.

Agenda no.20c

Road Safety Report.

Unfortunately we have to report that the police did not attend the first quarter meeting which makes proceedings quite difficult - with the police attending many smaller comments and complaints can be dealt with straight away instead of writing to local or Middlemoor stations. The representatives from the four local parishes, who nearly always attend, find the police presence particularly valuable because the police never attend parish meetings.

Much of the meeting was taken up with two issues , firstly the road safety situation around schools particularly with regard to the Lollipop Lady issue and to car speeds near schools and secondly with the A38 between Saltash and Trerulefoot, particularly with regard to two areas, Carkeel roundabout and Tideford .

Derek Holley , Chair Saltash Area Road Safety Committee.
