

I am sending this email as you have previously shown an interest in becoming accredited with the Community Safety Accreditation Scheme (CSAS) with Devon & Cornwall or Dorset Police.

We are holding a one day, free of charge, CSAS Introduction training session on Thursday 15th November 2018 at Middlemoor, Police Headquarters, Exeter for our colleagues in Local Authority or other public sectors. This training will cover the powers to require name and address for a relevant offence (which includes Public Space Protection Orders and Bye-laws) and require name and address for Anti-Social Behaviour and is designed to compliment other training received by Local Authority and public sector employees. The training session will also provide a refresher around topics such as communication, conflict management, Equality & Diversity, Human Rights and will introduce 'Professional Curiosity' which includes Child Sexual Exploitation, Modern Slavery and PREVENT as well as other topics required for CSAS Accreditation.

If you are interested in progressing your organisations CSAS accreditation and would like to send individuals along on this course please let me know. Spaces are restricted and are on a first come, first serve basis.

If you have any questions please do not hesitate to contact me.

Kind regards

Community Safety Accreditation Scheme (CSAS) Manager

Police Headquarters, Middlemoor, Exeter, EX2 7HQ
