Subject: Safer Saltash Draft Minutes and Safer Cornwall Partnership Plan Consultation

Dear all

Please find attached draft minutes from the Safer Saltash meeting held on 12th Oct. The next meeting is scheduled for **Friday 7th December**.

Additionally, Safer Cornwall's **new three year Partnership Plan** is now open for consultation and this is your opportunity to tell us what you think about it.

The **consultation is open to all**. You will find a copy of the Plan on the Safer Cornwall website www.safercornwall.co.uk/surveys with a short on-line survey for sending us your comments. The consultation closes on **13 December 2018**.

We are inviting you to **read the plan and let us know** what you like about it, what you don't like and if you'd like to see any changes. We will then use all of this feedback to **shape the final plan**, which will be published in March 2019.

A lot has changed over the last three years and our new Plan must meet the challenges of a **changing delivery landscape and risk profile** for community safety.

Devon and Cornwall Police, along with other forces across England and Wales, is recording **much higher levels of crimes** than in previous years and the profile of crime is changing. **Domestic abuse and sexual violence, exploitation and cyber-crime** are increasingly taking the place of traditional crime prevention and enforcement and these issues are more **complex**, more **resource intensive** and require **longer term responses** to resolve.

This places a strong focus on **partners working more effectively** together to manage **risk and vulnerability**, against a backdrop of **pressures on budgets and resources** across many areas of the public sector. There are opportunities to explore **a more efficient, more joined up approach** and move more resources into prevention and early intervention.

Drawing on a robust evidence base, the Plan identifies the **community safety issues that most impact on the safety, health and wellbeing** of Cornwall's residents and visitors and sets out **what we intend to do to tackle these issues effectively** and achieve safer, more healthy and more resilient communities.

If you have any queries or require information in a different format please contact us by email mail@safercornwall.co.uk or contact Cornwall Council on 0300 1234 100.

Printed copies of the Plan and the survey will be provided through **Information Services and Libraries**. We will also be holding some targeted sessions with **service user and community groups**. We would welcome your support in promoting the consultation through **your contacts and networks**.

Many thanks
Lucy

Lucy Allison
