Dear

The Mabbott Trust

I have been asked by the Trustees to inform you of the existence of the above charity although we prefer the word “Trust” as it does not have the same connotations as the word “charity”. The Trust was founded in 1992 as a result of the amalgamation of the charities referred to in the formal name above though individual parts may date back to the 18th century.

The basic purpose of the Trust is the relief of “poverty” for residents of Saltash or exceptionally people living in adjoining parishes. In the past the Trust has been able to assist pupils at local schools with payment for outdoor educational pursuits where the parents could not meet either the whole or part of the cost, clothes and the last grant was to assist a resident with heating costs. They have also assisted the Foodbank, purchased a washing machine and re-carpeted a property after flooding.

The income of the Trust is only in the region of £1500 per annum so the amount of each grant is restricted although sometimes even a small grant will make a difference. Similar to the Foodbank, the Trustees do require a written application from a formal body such as yourselves with full details of the applicant's name and address and the reason for the request. Grants are not generally made direct to the applicant but to the supplier of the service for which the grant is required.

The Trustees are required to meet a minimum of twice a year and it is rare that there are three meetings as there are interim powers to make grants although these are limited. The next meeting of the Trustees will be in early April and if you do wish to make an application for a grant this must please be made by the end of March as I regret late applications will not be considered unless there is an emergency.

If you require any further details please do not hesitate to contact me. My e-mail address is given above as is my telephone number though I prefer calls not to be made before 10 am!

Yours sincerely

Mabbott/Notifications 2019.01
