

Saltash Waterfront Residents Association

The Saltash Waterfront Residents Association continue to be an active and well respected Residents Association, representing around 400 households spreading up from the Waterfront and Waterside areas. The highlight of the last year being the well attended Christmas event, early planning is underway for a future event. SWRA are thankful to the Town Council for their financial support for this event.

SWRA is also engaged with the Neighbourhood Plan, and Coastal Communities Team representing residents on both.

Councillor Bickford
