Useful information for Town and Parish Councils

Highways engagement sessions

Dear City, Town and Parish Councils,

I am pleased to take this opportunity to invite you to one of our dedicated highways engagement sessions for City, Town and Parish councillors and clerks.

We want to improve the way we engage with local councils and these events are intended to both seek feedback on what we could do better and also to launch some of the forthcoming changes in the way we will be working and communicating locally.

The sessions will be a combination of open discussion and presentations with our highways teams based around key topics, such as how we plan to improve the quality and flow of information to you. They will also provide an opportunity for you to talk about the important work you are doing in your communities, and establish how we can better support you through the development of our new place-based packages.

We will be introducing our community level works programmes, detailing our programmed maintenance and improvement schemes at local level, as well as hosting short tours of our depot facilities and demonstrations so that you can see first-hand how we plan and manage our operations.

These sessions will be held at our two main depot facilities at Scorrier and Bodmin and are scheduled as follows:

- Cormac, Western Group Centre, Radnor Road, Redruth, TR16 5EH:
8 May 2019 at 10am
- Cormac, Central Group Centre, Castle Canyke Road, Bodmin, PL31
1DZ:
9 May 2019 at 10am

To ensure we have sufficient parking facilities available, please confirm your attendance by completing the [event registration form](#) and returning to emma.rojano@cormacltd.co.uk by Friday 3 May 2019.

If you have any access requirements, or need assistance, please let us know as soon as possible so that we can make suitable arrangements for you.

We do hope you are able to come along, and look forward to the opportunity of meeting with you.

Should you have any questions in the meantime, please do not hesitate to get in touch with Emma using the contact details above.

Yours sincerely
Dhywgh hwi yn hwir
