

From Lisa Griggs, Communities Support Assistant Localism

To: Cornwall Gateway Community Network Panel

Dear all

**Plastic Free Cornwall Gateway Network Area**

Following the excellent presentation from the Torpoint Nursery and Infant School, the panel discussed exploring the opportunity of making Cornwall Gateway the first “plastic free” community network area. It was agreed that Town and Parish Councils will discuss this issue at their next meetings and will report back with ideas and suggestions for further discussion at the next panel meeting in May. We’d be grateful therefore if you could please respond to Catherine by Monday 29<sup>th</sup> April so that responses can be collated before the meeting.

Kind regards

Lisa
