

## TOWN CENTRE REGENERATION

The Chamber of Commerce had been asked by members and Saltash Town Council to lead a forum to find solutions to the decline in footfall within the town centre which, as Chairman of the Chamber, I organised the initial meetings.

We held a charrette in early July to establish thoughts of all interested parties and these were polarised, with a further meeting in August, as per attached.

The purpose of writing to STC is in respect to item 2. thereon.

It is thought that forming a CIC to concentrate solely on organising leisure/market events is the preferable way forward and that all relevant organisations should participate therein as directors thereof.

I am therefore asking:-

1. Does STC agree that it should participate in this proposal?
2. If so, could there be two nominations as potential directors thereof.
