

Saltash Town Council

Come and get involved!

Would you like to see your School, Brownies, Cubs, football, rugby teams, WI, Nursing home, cadets in fact any organization in Saltash represented in the “The Town Community bunting” throughout Fore Street!

In keeping with the Town Councils Resolution to support Plastic Free, and to recycle as much as possible. Also, for the people of Saltash to lead the way, and show other towns and communities all that we have in our special town.

WHAT YOUR ORGANISATION WILL NEED:

- Old uniforms
- Football kits
- Running kits
- Grannies favourite old dress
- Something that represents you!
- Most importantly someone who can sew and has access to a sewing machine, or anyone who would like to volunteer to help sew.

These will then be cut up into bunting to make a width of Fore Street (or half depending on demand), also old curtains can be used for the “string”.

It is really important that the bunting is of uniform size and spacing for safety reasons when wet.

With this in mind there will be two workshops:

Monday the 14th October

Tuesday 22nd October

At the Scrap Store Saltash

From 7:30 p.m. to 9:30 p.m.

Thank you to Saltash’s Mrs Marvellous who will be running the workshops, and to the Scrap Store in Fore Street for allowing us to use their facilities.

If you would like your organisation to be involved or you would like to volunteer to sew please email
Councillor Julia Peggs
