

## **Cornwall Gateway CNP - 26<sup>th</sup> September 2019: Highlights/key actions**

**Adult Social Care and Health** – there was a presentation to the panel to share information around the transformation of adult social care and health, and the benefits and impact on the local community. Links to the Access Team, mental health strategy and health & wellbeing strategy were made available.

**South East Cornwall Regeneration Programme Update** – Rob Andrew, Regeneration Manager, Cornwall Council updated that a number of projects across East Cornwall are collectively being considered in order to maximise funding opportunities. Rob advised that he would be happy to provide a briefing on Place Shaping at a future CNP meeting if the panel so wished.

**Action** – can clerks advise if this is an offer their town/parish council would wish to take up?

**South East Cornwall Economic Development working group** - Cllr Davis reported that the working group represents the 3 network areas of Cornwall Gateway, Caradon and Liskeard and Looe and is carrying out a fact finding mission to establish priorities and ambitions from the Town and Parish Councils in the 3 network areas. The focus areas are;  
Road Improvements - A390, A38 and A374  
Internet access and 5G  
Tourism and Town Centres  
Agriculture

**Action** – an email has been sent to the town and parish councils/NDP groups who have yet to respond. The next meeting of the group will be held on 28<sup>th</sup> October and feedback by then would be welcomed.

**Climate Change and Plastic Free Cornwall Gateway Community Network Area** – this will be a standing item on the agenda and a schedule outlining updates from across the network was shared and will be updated in advance of each CNP meeting.

### **Community Networks Highways Scheme update**

An update was circulated to the panel and the panel was pleased to note that 18 schemes (utilising 3 years of funding) have been approved, of which 4 schemes are now complete and that the 8 TRO's scheduled for year 1 are at an advanced stage.

Work is progressing to develop a network wide Mobile Speed Activation Scheme which will be considered further at the next panel meeting.

### **Community Network Panel Priorities update:**

Water Transport – work is progressing with CC officers, Tamar Crossings and ferry operators  
Air quality – engagement continues with Highways England with a proposed consultation with residents on emissions testing.

A38 - The Case for Action has been submitted to central Government, for which an announcement is expected in the autumn, and a Safety Feasibility Study has been produced jointly by CC and Highways England.
