Subject: Review of Community Services - fourth workshop - Saltash

Good afternoon

Please see the attached letter from Kate Mitchell, giving details of the fourth workshop to discuss local community services, which will be held on Wednesday 26 February. If you plan to attend this workshop please confirm attendance to me by 19 February 2020.

Also attached are the new South West Clinical Senate community hospital recommendations. There will be an opportunity to discuss these at the workshop.

As we've mentioned before, we are keeping the groups who undertake the options development and evaluation of those separate, so if you have volunteered to be an evaluator you do not need to attend the workshop on 26 February.

Louise
