Subject: Review of Community Services - fifth workshop - Saltash

Good afternoon

Please see the attached letter from Kate Mitchell, giving details of the fifth workshop to discuss local community services, which will be held on Wednesday 18 March. If you plan to attend this workshop please confirm attendance to me by 13 March 2020.

As we've mentioned before, we are keeping the groups who undertake the options development and evaluation of those separate, so if you have volunteered to be an evaluator you do not need to attend the workshop on 18 March.

Louise
