JANUARY 2022

AN EXCITING YEAR AHEAD

While 2021 was a year of unparalleled challenges for Saltash Town Council, the plans for the Library refurbishment were given the green light for 2022.

The original Library building, built in the 1960's and designed by Royston Summers, was Grade 2 listed by Historic England and noted as a building of special importance because of its classic modern 'Le Corbusier' design style.

Major internal and external refurbishments will now take place in 2022 to not only restore the original building but to include modern specifications needed to help create the vibrant Community Hub for the future.
