

## Saltash Town Council Professional Development Press Release

It is with great pleasure that we announce that the Acting Town Clerk of Saltash Town Council Sinead Burrows has achieved the local Certificate in Local Council Administration known as CiLCA.

The CiLCA qualification means that Sinead now has all pre-requisite qualifications required to be a fully-fledged Town Clerk and we are very proud of her gaining this notable achievement in local government administration.

She completed the training in her own time during a period of significant change for Saltash Town Council with the change of administration in 2021 and the pressures of the pandemic. We commend her on her success.

The Personnel Committee at Saltash Town Council actively encourages the continuous professional development of its officers to meet the professional standards required to lead a progressive council.
