

SALTASH TOWN COUNCIL

Announcement

Saltash Town Council Service Delivery Team

Saltash Town Council's Service Delivery Department have been working hard for the residents of Saltash and undertake a wide variety of tasks.

The small team support with events such as The Remembrance Day Service and Christmas Lights Switch on by ensuring the town is ready.

The colourful flower displays around the town are planted and maintained by the team who are already planning a colourful and patriotic display for this year's coronation of King Charles III. Along with regular grass cutting, pathway maintenance and hedge trimming the team work hard to ensure our town is full of colour and greenery all year round.

The team are responsible for a wide variety of maintenance on the Town Council buildings and public facilities. Sadly the public conveniences are often subject to vandalism and the team undertake the majority of repair work in house, working hard to get the facilities repaired and opened as quickly as possible for all users.

Other tasks included maintaining and supervising burials at Churchtown Cemetery, maintaining and operating the pontoon and undertaking a schedule of improvements such as replacing the wood on the flower bed surrounds in Fore Street.

If you see any of the team around the town do stop and say hello!
