Press Release

Saltash Healthcare Action Group Vision

Saltash Town Council are pleased to support the Saltash Healthcare Action Group Vision and Plan of Action for Healthcare in the Saltash Area.

The visions intentions are to ensure that local residents of all ages have access to health and wellbeing services that are fit for purpose.

The outline messages from the vision are:

- Coordinate everything better
- Make access easier for patients
- Bring back local specialist provision

The Town Council is a member of the action group and will provide support for the group in its 2024-27 business plan in addition to being a key stakeholder and providing facilities for the group to meet.

The vision is ambitious, but the action group believes the town deserves the same investment as seen in other towns in the South East of Cornwall.
