

Saltash Town Council Responds to Peninsula Transport Strategic Implementation Plan

Saltash Town Council confirms its response to the Peninsula Transport Strategic Implementation Plan. Councillors took the plan under consideration and gave responses to a short questionnaire.

The Councillors strongly supported the plan, making it clear that rail was a priority theme within the plan. Furthermore, the point was made that further support for bus and metro was required, with further support given to safety improvements on the A38.

Mayor Julia Peggs said: 'We hope that our response to the Peninsula Transport Strategic Implementation Plan outlines clearly what the Saltash community needs from its transport infrastructure.'
